SUMMARY

BCA Fresher with a strong foundation in computer applications, programming languages and technical skills. Seeking an oppurtunity to apply my skills and gain practical experience in the field of computer science.

OBJECTIVE

· Quick leaner and a team player ,eager to start a carrier with contribution to an organisations success by leveraging my knowledge and perseverence.

· I have a keen interest in web development and designing and had done some projects related to it. I have skills in designing tools like wixite and canva.

PROJECTS

Online E-Commerce website using (REACT)
· Designed a website with React.js ,HTML &CSS that allows the user to view, order Clothing products easily.

· This project showcases my expertise in web development, utilizing technologies such as HTML, CSS, JavaScript, and React to build a responsive and user-friendly interface.

· I have attached a URL to my webpage for your reference below.
